The minutes of the previous meeting were read and approved.

The board reviewed the most recent draft of the reimbursement policy for the Board of Engineers, Firefighter's and EMT's. The discussion was focused on minimum requirements for attendance and call response as well as training requirements for Engineer's and Officers. Suggestions were made on changes in all these areas to the policy from all in attendance. Captain Goldman was going to incorporate those into the next draft and resend the policy to the Board for review at the next meeting.

There was no other business to attend to at this meeting.

The meeting was adjourned at 19:01.
