

Sandown Cable Access Board - Annual Report

Channel17@sandown.us // (603) 887-0017

Channel 17 continues to increase its coverage of town meetings and events. Residents can also find a variety of our programs both from our video server and on our Vimeo page. The links can be found on our page through the town's web site.

In addition to covering over 100 meetings this year, Channel 17 aired many of the events that occurred in Sandown in 2019 including:

- Deliberative Session
- Memorial Day observance
- Sandown Candidates Night
- Sandown Road Race
- Sandown Conservation Commission's Fishing Derby
- Walktober hike
- Sandown Library events
- Town Hall Tree Lighting
- Spooky Walk

We have also started airing old recordings of Sandown Today from 1991-97. They are also available through our on-demand service

During 2019 we have updated equipment that addressed needs, brought our capabilities higher and our images and audio of better quality. These include a Newtek TriCaster 410p switcher which allows us to get the most out of the HD cameras we installed in 2018. Another upgrade is the Radiant Transmitter unit that Comcast installed to replace the old RF modulator which cleaned up our signal as well.

The residents of Sandown have the opportunity to produce programming in Sandown and we want to help. If you have any programming ideas or want to become involved, please contact us at channel17@sandown.us. We have equipment available and will provide training in its use.

Another way to get involved is by joining the Cable Access Board. We meet the 4th Tuesday of every month and welcome new members.

Respectfully submitted,

Cable Access Board: Richard Lewis (Chair)

Chris Donnellan (Station Manager), Albert Correia (member)

Ex Officio: Eric Olsen
