### **HEALTH OFFICER REPORT**

As Health Officer I continue to enforce State of New Hampshire NRS's, laws, and other local ordinances that Health Officers enforce.

During the year town schools were inspected. All documentation & reports were sent to State Department of Education. All wells that service town owned buildings were tested quarterly and reports were sent to state Department of Environmental Services.

Numerous complaints were received and investigated regarding food service, housing, animals, vector & rodent control, septic systems, wells, and general environmental.

Routine inspections and plan reviews of septic systems, soil testing, wells and foster care homes were conducted during the year.

I continue to assist other departments when requested and also a proud member of New Hampshire Health Officers Association.

Respectfully Submitted,

Mark F. Tolman Health Officer / Registered Sanitarian
