## ASSESSOR'S ANNUAL REPORT

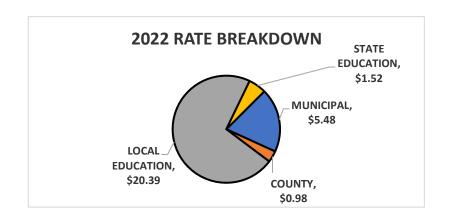

The firm of Municipal Resources (MRI) continues to be contracted to handle the assessing functions. The primary members of the staff working in Town are Scott Marsh, Seth Giberson, Cam Appleyard and Michael Marsh. Additional staff members may be assisting. If any of the assessor staff comes to your property, please support the Town's efforts to keep assessments equitable and proper by answering their questions as well as allowing them to verify the data of your property. Municipal Resources personnel are available to meet with taxpayers and if an appointment is desired, the Town's Office staff can schedule one for you.

The past year saw the assessing staff visit over three hundred twenty-five properties due to taxpayer inquiries, issued building permits, incomplete status of prior year review and/or site changes. Staff is also continuing the process of reviewing a portion of properties each year to ensure the accuracy of the property details listed. As a result of the property changes, the Town's net taxable valuation increased roughly \$13,100,000.

An analysis by the DRA of the annual equalization sales survey has not yet been finalized, however the Town's overall median ratio as of April 1, 2022, is estimated at 60%. The State requires that assessments be updated as least every five years and the 2023 tax year is that required year. Additional information regarding the statistical valuation update will be publicized as the project progresses in the coming months.
