**NOTICE OF DECISION**

On February 16, 2021, the Sandown Planning Board voted to approve a Conditional Use Permit submitted by Normandeau Associates on behalf of Eversource Power Company. The permit allows for Line Transmission maintenance work

The following conditions apply:

- Receipt of NHDES Wetlands Permit covering the proposed work
- Allow access to the Town Environmental consultant to monitor and inspect work in progress as well as site restoration upon conclusion
- Project plans be amended to allow use of only 6 inch straw wattles for erosion and sediment control
