In 2022, the projects for the Road Improvement Plan went very well. The second phase of Odell Road was very successful. We were able to complete the reconstruction and paving of Odell Road to Fremont Road. We also completed reconstruction and paving of a portion of Cross Road and approximately 1,500' of Phillips Road. In addition, we reconstructed drainage and repaved Royal Range Extension and Hunt Pond Road. We performed extensive brush trimming and swale cleaning and repairs throughout town.

The Highway Department welcomed Joshua Bilodeau, our new full-time employee. We are asking the voters to support the road improvement program and we look forward to another productive year ahead.

Respectfully submitted,

Arthur Genualdo
Public Works Director
